Profile

Dynamic Frontend Developer with a 2.5 year of experience in creating engaging user interfaces and a keen eye for detail. Proficient in HTML, CSS, and JavaScript, with a solid foundation in modern frameworks like Vue.js and Nuxt.js. A proactive approach ensures the delivery of high-quality, bug-free applications, fostering a collaborative environment that encourages innovation. Eager to transition into a Full Stack Developer role, leveraging a strong skill set to contribute to comprehensive, full-cycle project development.

My Strengths

Quick learner, Code quality focus, Attention to detail, Positive attitude, Strong communication, Growth mindset

Employment History

Frontend developer, Onix-systems, Kropyvnytskyi

August 2022 — Present

Education

Bachelor, Volodymyr Vynnychenko Central Ukrainian State University, Kropyvnytskyi

September 2023 — June 2027

Internships

Node.js developer, Onix-systems, Kropyvnytskyi

June 2022 — August 2022

In a nutshell, the Node.js internship at Onix-systems wasn't just a stepping stone; it was a springboard. It launched me into the exciting world of tech with confidence, valuable skills, and a network of incredible people. If you're looking for an internship that pushes you to your limits, fosters growth, and feels like joining a family, look no further than Onix-systems. You won't regret it!

Vue.js developer, Onix-systems, Kropyvnytskyi

October 2021 — February 2022

The internship wasn't just about Vue.js; it was about discovering who I am as a developer. I embraced open-source communities, explored design principles, and even dabbled in the world of testing. This internship opened doors I didn't know existed, showing me the vast horizon of front-end possibilities
